## **D) SWOC ANALYSIS:**

### **Pravara Institute of Medical Sciences (DU), Loni (Bk)**

#### **Strength**

1. Unique Pravara Loni model for integrated rural development and comprehensive health care
2. Multi faculty university of health sciences with support facilities and multi specialty tertiary medical hospital and dental clinics, all on one campus in a rural area
3. Realization of the concept and practice of 'PURA' in letter and spirit befitting to university (State of art infrastructure, LR, IT, Hospitals, hostels, residences and campus with all facilities and needs 24x7)
4. Good academic program option, CBCS, STC, STTP and enrichment programmes
5. Unique department and center - Center for Social Medicine and PG department of Oncology and Radiotherapy
6. Good clinical resources, learning resources, IT facilities, Pedagogic innovations
7. Early clinical and community health scenario; learner centric approaches, thrust to skills and competence, good student support progression and involvement in all spheres.
8. Dedicated faculty, good demand ratio, good enrollment, least drop out, disciplined students, good enrollment of women students, women empowerment
9. Vibrant international collaboration, international faculty and student exchange
10. Good number of collaborative research and clinical trials, generation of resources
11. Proactivisation for research at all levels by all, incentives and good facilities, good publications
12. Visible extension activities, with unique concepts such as COME, COHE, CAP, SHAPE, rural e health centers, telehealth, video conferencing
13. Unique concept and practice of Arogya Mitra and Gram Arogya Bank - coverage of remote villages and tribal areas
14. International visibility, appreciation, foreign students involvement in social medicine activities
15. Adaptation of 5 families by a student for 5 years
16. Achieving millennium development goals in respect of maternal and child health
17. Integration of education - health care - health care community health community health - all stake holders, vast coverage of population, 234 villages in 13 talukas and 3 districts
18. Unique program for students - INVENTUM and PADMANJALI
19. Only private medical college in Maharashtra permitted to carry out medico legal autopsies, strengthening the rate of conviction\
20. Residential accommodation to all students and faculty (needy) with all modern amenities 24x7, home away from home.
21. Eco friendly clean green campus, energy and environment audit
22. Incorporation of bioethics, bioethics chair; inclusion of Biostat, environmental science
23. National level institutional awards to PIMS-DU
24. Empanelment of PRH in rural health insurance schemes and companies

**Weakness**

1. Low thrust to fundamental and applied sponsored research projects and publications in journals with higher impact factor
2. Lesser thrust to interdisciplinary and inter faculty research
3. Seasonal fluctuations in patient flow, linked to agriculture, monsoon and migration; difficulty in follow up
4. Rural location is both a strength, weakness as well as challenge; young faculty are not attracted for a rural service and career; issues of faculty retention and attrition
5. Difficulty in getting the specialized visiting and guest faculty as well as resource persons due to rural location
6. Non availability of government health insurance schemes to special dental care, affecting poor and special children

**Opportunities**

1. Starting the super specialty education, services and health care such as pediatric surgery, nephrology, urology, neurology, and cardiology
2. To promote inter disciplinary sponsored research with clear objectives
3. To evolve a HR policy for attracting faculty from metros to stay in rural areas
4. Institutionalization of research culture; every faculty (medical, dental, nursing and physiotherapy) can start their peer reviewed journals
5. To utilize the abundant clinical materials for research
6. To start solar energy as a means of energy conservation
7. Scope for medical tourism based on ambient air and water quality; being connected to tourist spots such as Shridi, Nashik and Aurangabad
8. To upgrade the existing PG department of Oncology and Radiotherapy as super specialty department
9. To get accreditation by NABH, and NABL

**Challenges**

1. To get funds from national agency to a private university
2. Migratory labour population affecting the patient inflow and follow up
3. Attracting specialty and super specialty consultants to a rural area
4. Absence of clarity on health insurance policy in tertiary health care
5. Dual responsibility and accountability of clinicians between teaching, research and patient care 24X7

## ***E) SUGGESTIONS & RECOMMENDATIONS:***

1. Workshops on National Education Policy 2020 may be conducted for stakeholders.
2. The Medical and Nursing Faculty & Students be oriented and sensitized towards Community Based Medical Education (CBME).
3. Faculty of Allied Health Sciences (AHS): College of Biosciences and Technology (CBST) & School of Public Health and Social Medicine (SPHSM) to be oriented towards Choice Based Credit System (CBCS).
4. E – Governance may strengthen.
5. Strengthening super specialty services at hospital may be considered.
6. Promotion of Research Publications leading to indexed journal publication be considered.
7. Strategic plan for Centre of Excellence in Tribal Health Research be strengthened.
