Hon'ble Vice President of India Shri. M. Venkaiah Naidu during 13th Convocation ...

*Pravara means 'excellence' & 'eminence'. It is a word used to describe distinction & achievement. I hope that all students passing out of the portals of this institution will, through their noble deeds, keep this grand tradition of 'Pravara' alive & blazing.*

*I am delighted to be here to deliver the 13th Convocation Address of Pravara Institute of Medical Sciences – Deemed to be University, which is the brain child of **Padmabhushan late Dr. Balasaheb Vikhe Patil** – a true son of the soil.*

*I am glad to note that PIMS-DU is providing quality education & training to health professionals. As India aspires to have more qualified Doctors, nurses & therapists serving in rural areas, it is rendering valuable service by meeting healthcare needs of rural & tribal populace.*

*I appreciate the Loni PURA Model of PIMS-DU. Though rural in location, it is truly urban in terms of its facilities and amenities. It is indeed a unique model of excellence*
